Application for Commercial Building Permit

BUILDING/GRADING AP # _____

Calvert County, Maryland
Inspection & Permits Division
205 Main Street, 1st Floor
Prince Frederick, MD 20678

Received By IP: _____ Date _____

Commercial Building Application Requirements

- This permit application and all required information will be submitted to the Inspections & Permits Division for review by all applicable County and State agencies; incomplete packages will result in processing delays
- Separate permits and inspections will be required for projects that include plumbing and electrical work.
- The permit and approved plan must be posted conspicuously at the front of the lot.
- Permits expire 2 years after issuance unless the project is under continuous construction.

Commercial Building Inspection Requirements

- After issuance of a building permit, inspections shall be requested by calling the Inspections & Permits Division at least 24 hours in advance by visiting the online portal or contacting Inspections & Permits at 410-535-2155.
- Inspections must be requested by 3:00 pm. in order to be scheduled for the following day. While every effort is made to perform inspections on the day they are scheduled extenuating circumstances may result in a delay.
- Required inspections shall include but are not limited to: (1) before footings or slabs are poured (2) before foundation walls are backfilled (3) before framed walls are insulated (Certifications are required for engineered floor and roof system) (4) before interior and exterior walls are covered, and (5) upon completion of construction. Depending on construction methods and sequence, additional inspections may be required. Contact the Inspections & Permits Office if you have questions about the need for a specific inspection.
- Separate permits and inspections will be required for projects that include plumbing and electrical work.
- Section 109.3 of the International Building Code states that: It shall be the duty of the permit holder or their agent to notify the building official that work is ready for inspection. It shall be the duty of the person requesting any inspections required by this code to provide access to and means for inspection of such work. Work requiring an inspection that has been covered or concealed prior to receiving a required inspection will have to be exposed.
